

**MOBILE
ORDERING
MADE
SIMPLE**

Looking ahead, we're focused on creating better experiences for UNFI customers. Improving the way you order is a top priority. So, we've redesigned the experience from the ground up!

Introducing, the NEW iUNFI™

Showcasing superior hardware, enhanced software, and new productivity features on a secure managed platform iUNFI is mobile ordering made simple.

BETTER FUNCTIONALITY

Enhanced Software & Managed Platform

- More accurate item catalogs
- Better data syncing on startup
- Improved security
- Controlled Apple updates
- Managed software releases
- Future UNFI apps & software will automatically push to iUNFI devices

Superior, More Reliable Hardware

- Rugged, drop resistant device
- Easy to use pistol grip design
- Better scanning experience
- Longer battery life:
 - ✓ Docking station with built-in charger
 - ✓ Pistol grip backup battery
- Fewer hardware failures
- Mobile printer for printing shelf tags on-demand

“ We found that our time spent in ordering was cut substantially. The information in the electronic catalog is very useful. It is also easy to use! The ability to switch between warehouses is extremely important to us and we were not disappointed. The thermal printer will definitely get a work out when resetting sections. ”

- Randy & Julie S,
McNally's Foods, Grinnell, IA

MAKING IT EASY

Make better, faster decisions

- Navigate easily with intuitive screen designs
- Search & find items faster
- Create Favorites and Lists
- Easy to read, informative item details
- Item Type icons & text identify case, each pallet and shippers
- Quickly add items to your cart
- Generate maintenance tasks (ex. price changes, tags, etc.)

Stay connected & organized

Access all of your UNFI accounts from one (1) device

- ✓ Natural
 - ✓ Conventional
 - ✓ Produce
 - ✓ Specialty
 - ✓ Wellness
- Alerts & Messages keep you informed
 - Favorites and Lists keep you organized
 - Reminders help you manage upcoming tasks & orders
